6. Any Other Business

Following the above business meeting, the following speakers will deliver presentations on their work

Brian Martin will give a presentation with the self-explanatory title 'Stock Photography and How to Make Your First £Million'.

Chris Pig will reflect on her Italian upbringing with colourfully-staged images which also tackle issues close to her heart.

Greg Freeman, formerly a music photographer, reviews his old work and continues to devise new ways forward.

Anuj Chaman's personal projects include editorial, street, documentary and portrait photography. His project 'Reflections' takes a retrospective look at his work from the last decade. After leaving Canada he now finds a balance of the foreign and the familiar in London.

After a short break to rearrange the room, members will have the opportunity to display their work on tables.
